

Payroll Tax rate change

Reduced rate for payroll tax bracket...

What is the reduced rate?

The rate of Tasmanian payroll tax paid by employers for taxable wages between \$1.25 million and \$2.0 million is reduced from 6.1 per cent to 4.0 per cent, and takes effect from 1 July 2018.

The thresholds are proportionately reduced where an employer has interstate wages and/or doesn't employ for the full financial year.

How do I access the new reduced rate?

The new rate will be built into the functionality within Tasmanian Revenue Online.

The system will automatically apply the rate for taxable wages from 1 July 2018 onwards.

The new rate will not apply to calculations in the 2017-18 Annual Adjustment Return, which is due for lodging on 21 July 2018.

The due dates for lodging returns have not changed

Monthly returns: 7th of the month.
Annual Adjustment Return: 21 July.
